PREVENT INCIDENTS BEFORE THEY HAPPEN

With EHS Hero's Incident Reporting and Investigation Tool

The most crucial steps in decreasing the prevalence of workplace incidents are understanding which incidents are most likely to occur and preparing your employees to anticipate them. However, this can be nearly impossible without the right tools and tracking methods. That's why EHS Hero® developed the Incident Reporting and Investigation Tool to help you gather the right data and leverage it to prevent incidents before they actually happen.

With this tool, you get:

✔ Simple drop-down and checkbox forms with custom fields tailored to meet your needs

✔ Insightful analytics and roll-up reporting for companywide data

✔ Reports generated with the click of a button

✔ Resources to help you meet DOT, MSHA, and OSHA reporting requirements

✔ Access to incident reporting and tracking from anywhere, with mobile offline capabilities

✔ The ability to create an unlimited number of incident types and reports

✔ E-mail notifications for alerts and action items

Keep track of all incidents and near misses, automate your reporting, and prevent incidents before they happen with EHS Hero's Incident Reporting and Investigation Tool.
